

REFERENCE GUIDE

Tell Your Neighbour

Overview

Allows learners to verbalise their learning to a peer to check their understanding.

UDL Guidelines

Provides options for:

- Sustaining Effort & Persistence
- Perception
- Physical Action
- Expression & Communication

Steps to Implement

- 1 During explicit instruction, at the end of guided practice, present a problem or task similar to the examples from the lesson.
- 2 Give 5 minutes (depending on the task) to learners to work through the problem or task.
- 3 Then give 3 minutes of thinking time for learners to think about how they worked through the task or solved the problem.
- 4 Give 5 minutes for learners to share their answer and thinking with their neighbour.
